Dear Mr. Diaz:

Please accept this correspondence as our response to your letter dated April 16, 2012. Mid-Florida community Services operates 18 Head Start facilities in the State of Florida. Our most recent addition is the Spring Hill Head Start.

### Item II of III

- The Spring Hill Head Start facility is a stand-alone Head Start facility.
- We are licensed by the Florida Department of Children and Families. A copy of the Childcare Facility Certificate of License is attached.
- The Florida Department of Health regulates the food and nutrition program for all of our facilities. A copy of the Florida Department of Health Childcare Food Program CCFP Site Claim Data Summary for October, 2011, is attached, which includes the 113 students at the Spring Hill Head Start.
- The Spring Hill Head Start facility includes only Head Start students.
- There are no students under the age of 3.

Please let me know if you require any additional information or have any questions, whatsoever.
